

**Amendments to the Specification:**

Please amend the specification as follows:

Please delete the description for Figure 2 on page 5, lines 10-12, and replace it with the following description:

**Fig. 2** shows complete nucleotide of *Bacillus subtilis* gene **(SEQ ID NO: 1)** encoding conjugated bile acid hydrolase inserted between sites of restriction enzymes Bam H I and Nde I of cloning/expression region (1), in Fig. 1.
